

Moz Images cameramen have worked on prestigious and diverse productions all around the globe from documenting the discovery of Ming Dynasty shipwrecks in Malaysia to filming inside remote shark finning camps in Mozambique. We have filmed and photographed a wide range of shows including presenter led documentaries, bespoke documentaries, national advertising campaigns, educational & community videos, corporate videos and for multi media projects. If you are interested in working with Moz Images please [contact us](#) .

*"Chris Scarffe (of Moz Images) filmed underwater for me on a shoot for a new BBC series called Indian Ocean in December 2010. Chris's experience and professionalism shone through - we were able to get some very powerful and technically-sound footage without any issues. On top of that he was very personable and a pleasure to work with."*

*Andrew Carter Director of BBC Indian Ocean Series*
